A NIGHTMARE

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the weak stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"I was a victim of sleeplessness and extreme nervousness induced by chronic indigestion and I felt heavy, tired and worn out continually," writes Miss Mary Smith, of 1615 No. Wahsatch Street, Colorado Springs, Colo. "Dr. Pierce's Golden Medical Discovery was the only medicine which relieved me. Within a week after I began using it that heavy oppressed feeling after meals had left me, and I found that I was able to sleep better than for months previously. My appetite was gradually restored, general system was toned up, nervousness became a thing of the past and I have now been in splendid health for over nine months."

Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

1000-page Doctor Book sent free on receipt of 21 one-cent stamps to cover postage only; 21 stamps for cloth-bound copy. Formerly sold for $1.50 to extent of over 500,000 copies. Every family should possess a copy for ready reference in case of sudden illness or accident. It is illustrated with hundreds of wood-cuts and several colored plates. Address Dr. R. V. Pierce, Buffalo, N. Y.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

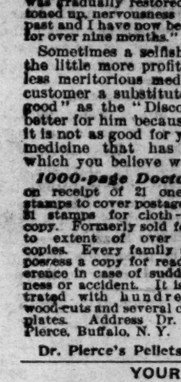
STRONG Again



is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer — weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

BOGUS CHECK.

The details of a statement whereby a prominent local financial institution was recently victimized by a clever forger came out in New York yesterday.

The forger presented a bogus check bearing the name of a well-known stock exchange firm and received in return securities valued at about $360,000.

The name of the institution is not disclosed, but it is believed to be the National City Bank, operating in the financial district.

Pearl & Co., stock brokers at 27 William street, recently negotiated a one-day loan for $300,000 with this unnamed institution. On Wednesday a check for the amount of the loan, plus $37.50 for the one day's interest, was presented at this bank by a stranger, who received the security deposited by Pearl & Co. for the firm's loan.

The bank on which the broker's check was drawn is one with which Pearl & Co. never had an account, so the forgery was not discovered until the check had passed through the clearing-house exchange, when it was promptly branded as fictitious.

A private detective agency was called in and transfer of the securities was at once stopped.

The detectives intimate that they have a clue to the identity of the forger, who is believed to have had one or more accomplices.

It is believed that the forger had an intimate knowledge of Pearl & Co.'s affairs. E. F. Slayback, junior member of Pearl & Co., said:

"I have been asked not to divulge the name of the bank cancerned. I can only say that it is rich, and if the forgery should involve any loss the bank will be amply able to stand it."

"The odd amount of the forged check," added Mr. Slayback, "represents a day's interest at 4½ per cent. As a matter of fact the loan is recorded in our books at 4 1-4 per cent. Clearly somebody must have had knowledge of the loan. Yet had it been some one in our employ the interest rate would have been computed at 4 1-4 per cent."

The firm of Pearl & Co. consists of Dyer Pearl and Mr. Slayback. Mr. Pearl is now in Europe. The members of the firm own Stock Exchange seats, and their operations on the board have at various times been quite extensive.

The securities offered by Pearl & Co. for their loan and surrendered by the bank for a piece of worthless paper include 1,000 shares United States Steel common, 1,000 shares Rock Island common, 1,000 shares Metropolitan Street Railway, 700 shares Missouri Pacific, 200 shares North American Company, 47 American Tobacco Company 6 per cent. bonds and some Wabash debenture bonds.

Raps High Financiers.

Unexpectedly, 10 minutes before the adjournment of the New York Diocese of the Episcopal Church in New York, a resolution was offered by Rev. John Marshall Chew, of the Church of the Good Shepherd, which touched upon the perversion of trust funds and openly criticised those persons accused as represented in the insurance investigation.

The resolution was offered five minutes after J. Pierpont Morgan left the Synod Hall. It was not seconded and not even considered by the convention.

Bishop Potter, who was presiding, froned all through the reading of the resolution, and at the close suggested to Rev. Dr. Chew that he take some paternal advice from him and not press his resolution until after the case had been fully tried by the authorities who were sitting in judgment on life insurance companies.

The introduction of the resolution caused a sensation, and the deputies listened in silence to the caustic and sarcastic arrangement by Dr. Chew of the business men who dabble in high finance and yet are respected by the church, although they seemingly practice deception and infidelity.

The resolution among other things said:

"The tampering with trust funds by men in high positions of privilege and confidence in the business world constitutes a most discouraging evidence of moral laxity and bad example among those whom the church and nation have a right to expect better things.

"No talent for high finance, no useful service to the community, no benefaction to the church or to objects of philanthropy can excuse or atone for dereliction in trust, contempt for the rights of others, or disregard of the rules of common honesty."

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

No Unpleasant Effect.

If you ever took DeWitt's Little Early Risers for billiousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. Sold by W. F. Creighton, & Co. 401 King street.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhœa, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING. SEP. 29, 1905.

SENATOR GORMAN, in his speech just before adjournment of the Maryland democratic State convention yesterday, replied to charges made by republicans that the proposed constitutional disfranchising amendment was intended to benefit him by enabling the democratic machine to retain control of the State. He asserted he had always been consistent in fighting against negro supremacy in the South and that he now sought to lift the pall from Maryland, without any hope of reward. In concluding his speech, he said:

I have been fighting this same struggle under various conditions during the last 40 years, and I say now that if in November next we can lift, as I believe we will, this pall from the State and restore to the intelligent white men the untrammeled right to control our own affairs. I will agree never to seek place and will die a happy man. But I promise this, if life and health be spared, that if by any corrupt combination with disaffected democrats and reformers the negroes and their white republican allies should befeat us in this election I am still a soldier and will fight on. The French have a proverb that "everything comes to him who waits." And as white men never surrender, but always fight for their liberty and their manhood, we will fight until there is not one left to accomplish an object so necessary for the welfare of the State, I am with you for that as long as I live.

This was a noble utterance from a noble man, but it is doubtful whether Senator Gorman's host of friends will let him retire from public life even after the Poe amendment is adopted. It is risking nothing to say that there are few men in Maryland today who could fill his place in the U. S. Senate.

THAT the conscience of the American nation is not keeping pace with its intelligence, that political and social information must, in their last analysis rest upon moral reformation, that the Protestant Episcopal Church lacks faith in itself, and that the negro problem is the most profound question confronting us, were the declarations made yesterday by Bishop Co-adjutor David H. Greer, addressing the New York Diocesan Convention. For the relief of these conditions he advocated greater energy in missionary work at home. Many have believed for years past that this home work has been neglected for foreign work, overlooking the truth that such matters, like charity, begin at home.

THE WANTON murder of a mother and four children near Edna, Texas, is among the latest horrors chronicled. The suit case murder is as much of a mystery as ever, and while people were temporarily startled by that grim discovery news came from England that a woman had been murdered, dismembered and the trunk of her body thrown from a railroad train. The above are but a few of the cold-blooded deeds which are described in newspapers every day. It looks as though some people are, like those of old, subject to demoniac influence.

IT SEEMS that absolutely nothing escaped the attention of the Japanese during the recent war. Their foresight was incredible. The men on the war ships had to bathe and put on clean underclothing just before a battle to minimize the danger of getting bacteria into wounds, and the eyesight of the gunners was tested and a 1 per cent. solution of boracic acid was supplied to the men to wash the smoke out of their eyes with. It is no wonder that the Russians couldn't succeed.

LOWER retail prices during the coming season for meat, dairy products, poultry and the necessities of life are predicted by Secretary Wilson. He says the relief for the householder will come come from the enormous yields of small grain and corn in the great territory. This will be gratifying intelligence for the legion of breadwinners who for many years past have had to pay fully twenty-five per cent more for food stuffs than they formerly paid.

ALTHOUGH the republicans say Secretary Shaw will speak here about the middle of October, in the list of cities in Virginia where it is officially announced he will speak, Alexandria does not appear. Possibly the Secretary thinks he is non persona grata in Alexandria since he arbitrarily ordered the removal of the internal revenue office to Abingdon.

SECRETARY SHAW speaking to Ohio bankers, yesterday, declared that the lack of elasticity in the United States currency system menaces the country's financial security. This is one of Mr. Bryan's contentions.

Action Endorsed.

Boston, Sept. 29.—The decision of the leaders of the protest against the new rates of the Royal Arcanum to take the matter into court, was warmly indorsed last evening by a mass meeting composed of subordinate members of the order from all over Massachusetts and visiting members from at least four other states, held in Tremont Temple, under the auspices of the Massachusetts "committee of fifteen"; Legal action will be commenced.

From Washington

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Sept. 29.

Major General Corbin cabling to the War Department regarding the recent typhoon in Manila says that all of the officers and 6 passengers who were on board the Leyte, the insular government coast guard boat which was wrecked on the west coast near Allen, were lost. The dispatch adds: "The temporary shelter posts at 6 places were destroyed, the launch Hercules and a lorcha (lighter) were blown ashore. The damage to property in and around Manila which wrs mainly confined to unroofing buildings, amounted to about $3,500. The land telegraph system has been demoralized." Senator Corbin also states that one man is killed and several officers and men of the 31st infantry are injured at Hartshorne.

Japan wants the United States to enact legislation discouraging Japanese emigration to the United States, according to Durham White Stevens, diplomatic adviser to the Emperor of Korea, as reported by Special Agent Christ in a communication to the Department of Commerce and Labor. Christ had a conference with Stevens in Tokio. Mr. Stevens explained that Japan is eager to undertake the development of Korea and Manchuria and to settle them with her surplus population in order to maintain her dominating influence there. He added, however, that Japan would protest against any act on the part of the United States which might look like discrimination, or what reflects on Japan's dignity.

Wireless telegraphy on moving trains has been demonstrated to be practical, according to a report of Consul-General Guenther, of Frankfort, Germany, to the Department of Commerce and Labor. Trains equipped with wireless telegraphy on the Zossen-Berlin military road for the last two years have been able to communicate at all times with telegraph stations along the line, and they report instantaneously any irregularities or accidents. Aerograms are likewise sent from stations to moving trains.

United States Minister Gummere at Tangiers, Morocco, has made a report to the State Department relative to the Moroccan conference in which this government has been invited to participate. Mr. Gummere was recently asked whether the Moroccan government has intimated any disposition to formulate a programme of subjects suggested for discussion. Replying to this question Mr. Gummere says he has received no communication of any kind regarding the proposed conference from the Moroccan government since he received the invitation for the United States to participate in the conference. Continuing his report to the State Department Mr. Gummere says:

Collier, at Madrid, Spain, in which he requests that the Spanish authorities be thanked for the courteous treatment shown by them to the members of the scientific expedition which went to Spain recently to observe the total eclipse of the sun. This letter has been received by the State Department. Mr. Campbell says that the Spanish government did everything possible to furnish the purposes of the expedition. High officials of the Spanish government and citizens from the highest to the lowest, he says, gave definite and constant help. With regard to the work done by the expedition Mr. Campbell says: "Thin clouds covered the sun at the time of the eclipse, but with more than half of our eighteen instruments our observations were successful. The 24 observers with our expidition, which was perhaps the largest that came to Spain, were from Stockholm, Germany, Denmark, Chile, many parts of America, and the University of Madrid."

Mother and Four Children Killed.

Mrs. A. J. Conditt and four children, a daughter of thirteen and three boys from six to ten years old, were murdered in cold blood at their home near Edna, Texas, yesterday. The mother and daughter were assaulted and their bodies brutally disfigured. A baby about two years old was the only one left alive. All of them seemed to have been murdered with some blunt instrument, their heads being crushed and their throats cut with a knife or razor. The girl and mother were killed in the house. The boys were killed about 100 yards away. Mr. Condit was away working in the rice fields. A negro boy, about twelve years old, was plowing in a field near the house at the time of the killing and heard the children screaming; he saw a man running after a woman, who was being pursued around the house. Afraid to go to the house, the boy ran to a neighbor's and told what he had seen. This person hurried to the place and found the five members killed. Officers were informed at once, and the entire county is out in posses in search of the murderers, as it is supposed there were two of them. Dogs have been sent for.

Hires Hall to Air Scandal

Because the public has linked over the teacups his name with that of a woman member of his congregation, Rev. Henry S. Wanamaker, pastor of the Second Congregational Church, Elyria, Ohio, says he will satisfy the public's curiosity by renting the Opera House Sunday and explain his troubles with his wife. Last Monday night he called a meeting of the congregation and, with his wife present, stated that he and his life companion could not agree and that they had decided to separate. The wife the next day filed suit for divorce. Last night Rev. Mr. Wanamaker said: "I have always been a lady's man, and of late I have escorted the young woman in question home—possibly a great many times in the past seven years. Likely it was a great many times. But the church council will not have anything to do with that. It is purely a private matter. My wife and I talked over the divorce and I agreed to let her do as she pleased."

Funeral Instead of Wedding.

The girls who were to have attended her to the altar in bridal finery will carry her casket to the grave. Miss Kenning fell ill with typhoid fever about a month ago, shortly after she had set yesterday for her wedding day. She gradually grew worse, but prayed fervently that the end might be delayed until her day of promise dawned. Her prayer was granted, and just as the sun rose yesterday morning, while the distracted man knelt at her bedside, she passed away. Eldisser is seriously ill, and grave fears are felt for his recovery. The girl will be buried in all her wedding finery.

The explosion yesterday blew a hole 110 feet deep under the vessel.

The crowd at the fair in Fredericksburg yesterday was larger than usual on the last day. The balloon ascension by Neb Nelson, of Pittsburg, caused considerable excitement by the inability of the aeronaut, when about 4,000 feet in the air, to cut the parachute loose on account of tangled ropes. He finally succeeded, but was in the air nearly ten minutes and the crowd thought he would be killed in his descent. A slightly sprained ankle was the only injury, however.

William Waddell, colored, a sanctified preacher, is accused of breaking into a church near Chuckatuck, in the vicinity of Suffolk, and also of uttering incendiary sentiments calculated to incite race prejudice. Suit Against Representative Flood.

Memorandum of suit was filed yesterday in the case by Miss Alene Hardin against Congressman H. D. Flood, of Appomattox, representing the Tenth district. The amount claimed is $750 and Miss Hardin is represented by John Garland Pollard, of this city. The question involved is one of salary. It is understood that Miss Hardin claims that she is entitled to full pay for six months as Congressman Flood's private secretary, having acted in that capacity. The government allows each congressman $1,200 a year for a private secretary. Miss Hardin asserts that she has performed the duties of private secretary for Mr. Flood in addition to her work as stenographer for Senator Martin. The senator has paid her $85 a month for her services, but she contends that she was entitled to the government allowance. An attempt was made to see Congressman Flood about the case, but a reporter failed to find him.—[Richmond News-Leader.

[The above is denied by the Richmond-Times Dispatch, which says: "The Times-Dispatch has information from the young lady herself that no such suit has been brought, and no such suit will be brought. Says she: 'It is true that there was a little misunderstanding between us, but it was easily and promptly settled.'"]

Maryland Democrats.

"White supremacy" was the keynote of speeches which aroused great enthusiasm at the Maryland democratic State convention in Baltimore yesterday, which adopted a platform devoted entirely to the suffrage amendment and renominated Dr. Gordon T. Atkinson for Comptroller.

The platform, proclaiming the suffrage amendment to be the single issue in the coming campaign, was unanimously adopted.

Speeches in harmony with the platform were made by ex-Governors Carroll and Jackson, Gen. John Gill, Dr. Joshua W. Hering, Messrs. Joshua W. Miles, A. S. Goldsborough and others.

Senator Gorman, in a brief address at the close of the convention, agreed to seek no place if the amendment is adopted, but promised to continued the fight if it is defeated by a "corrupt combination of republicans, negroes, disaffected democrats and mugwumps."

Dr. Gordon T. Atkinson, of Somerset county, was unanimously renominated as the candidate for State Comptroller, and declared himself thoroughly in harmony with the platform.

Great enthusiasm was manifested, and the denunciations of unrestricted negro suffrage evoked a tremendous response from the delegates.

Firebrands Stirring up Cuba.

Considerable uneasiness is manifested in official circles in Washington regarding the situation in Cuba. Confidential advices received there indicate that a number of political firebrands have determined to make trouble for the Cuban government and force the United States to intervene in the interests of life, liberty and property. Notwithstanding some encouraging reports, it is declared that the trouble will assume such proportions shortly that this government may be force to take some steps to pacify the island.

One of the difficulties, according to these reports, is that the $15,000,000 surplus in the Cuban treasury has excited the cupidity of some of the patriots, including General Gomez, the liberal candidate for the presidency. General Gomez is said to be a firebrand and determined to make trouble for President Palma, his political rival, if he is not successful in his candidacy.

Tóday's Telegraphic News

Conditions in Hungary.

Buda-Pesth, Hungary, Sept. 29.—The opinion is gaining ground here that quiet will continue until October 10, when parliament will assemble. It is feared, however, that there will be a violent renewal of the quarrel between the coalitionists, and the King-Emperor Francis Joseph, at that time. The situation then will probably become acute, if the Emperor continues to refuse to appoint a coalitionist as premier. It is believed that the parliament will refuse to obey the monarch if he attempts to adjourn the session, thus bringing about an open breach with Francis Joseph, and making the parliament practically a duplicate of the French convention which was the forerunner of the French revolution. If the disorder occur, the conflict will probably be between the supporters of the coalition and the socialists, who are as bitterly opposed to Francis Joseph and other coalition leaders as they are to the emperor. It is stated today that the emperor is determined to reappoint Baron Fejervary as premier. If this is done, it will have the worst possible effect, and probably bring matters to the breaking point.

A telegram received from Kaschau, Hungary, states that the commandant of the Thirty-fourth Infantry, stationed there, has refused to grant the application of officers of the regiment to leave their commands, declaring that the country now needs all the men upon whom she can absolutely rely.

Miss Roosevelt in Korea.

Seoul, Korea, Sept. 29.—Miss Alice Roosevelt and the party which accompanied her to Korea took their departure from Seoul today, traveling by special train to Fusan. Miss Roosevelt was received yesterday in farewell audience by the Emperor, who presented her with his photograph and autograph. Owing to the damage which recent rains have caused, the party will take two days in making the trip to Fusan. The stop tonight will be made at the Presbyterian Mission at Taiku, and the journey will be finished tomorrow. From Fusan the party will go to Shimonoseki and Yokohama. The party will not receive any public recognition or hospitality. During the stay here every effort was made to make their visit enjoyable. A visit to the tomb of the late Queen was made on Wednesday over roads which had been especially widened and relaid in anticipation of Miss Roosevelt's journey over them. A dinner was given yesterday by high officials, including General Min, who was formerly the Korean Minister at Washington, in honor of Senator Newlands, of Nevada, and other members of the party, including Mr. Morgan, American Minister to Korea. The health of President Roosevelt was drunk and valuable gifts were presented to members of the party by the emperor.

The Beef Trust Cases.

Chicago, Sept. 29.—The first ruling by U. S. Judge Humphrey today in the beef trust cases, the government won its contention. This morning the court passed upon pleas 1, 2, and 5, of the packers, as to the legality of the grand jury which indicted the packers and declared that it could not be attacked. On the third and fourth plea, relating to publicity in the drawing of the jury, the court stated they had given him more trouble but there was no doubt in his mind that the act itself was so loose and indefinite in detail, that the packers' plea in abatement would not hold. The court therefore sustained the demurrer of the government to the plea in abatement filed by the packers.

Attorney John S. Miller, for the packers, requested a delay of two weeks in which to file a demurrer to the indictment. Judge Humphrey stated that he was going out of town to try some cases, and thought October 5 would be the proper time for that purpose and insisted on the point. The demurrer will be argued Monday week, and will occupy one or two days, after which the packers must come into court and plead guilty or not guilty. The district attorney's office now thinks it has a chance of commencing actual trial of the indicted men within two weeks.

The Recent Typhoon in Manila.

Manila, Sept. 29.—Reports which are coming in from places which suffered during the recent typhoon show that there was great loss of life and destruction of property. Many coasting vessels were wrecked in the waters surrounding Samar and others islands. The coast guard cutter Leyte was completely wrecked, and 11 Americians and 24 natives were drowned. The army transport Juan Rodriguez was driven ashore at Legaspi. Fifteen natives were drowned at the town of Sorsogon. The army posts in the southern islands were destroyed and in the interior of the island of Samar thousands of natives are homeless. The civil and military authorities are doing everything possible to relieve the distress. The loss on the hemp plantations is estimated at $1,000,000.

Peasants' Alliance.

Moscow, Sept. 29.—The police here are searching for the headquarters of a new organization called the "peasants alliance," which is believed to be directing the disturbances which have occurred throughout the country. The organization is said to have 100,000 members and to wield a vast influence over the peasants. The homes of two lawyers, M. Teslenko, and M. Levitsky, who are believed to be connected with the organization, were searched by the police but no incriminating documents were found at either place.

Desperado Killed.

Ellabell, Ga., Sept. 29.—Riddled with bullets from the weapons of officers of the law, that he had defied for weeks, Will E. Sims, the desperado, who has terrorized Bryan county, yesterday afternoon paid the penalty for killing Conductor Julius Landsberg, of the Seaboard Air Line. He is alleged, too, to have killed James Perry, a negro. Sheriff Parish and Deputies Gibson and Dukes, of that county, followed Sims into Liberty county yesterday morning They found him at the home of a man named Parker, his father-in-law. A child shouted an alarm to Sims as the officers approached and the outlaw sprang from the bed in which he was sleeping and seized his rifle. He fired twice at Sheriff Parish, but missed. Sheriff Parish fired once and missed, but Deputy Gibson's first shot struck Sims and he went to his knee. All three officers continued to fire rapidly, and Sims sank to the ground. Fourteen bullet wounds in his body were shown by an examination. There is great relief in Bryan county over the death of Sims.

Married Against Her Will.

Burlington, N. J, Sept. 9.—Drugged, kidnapped and forced while only partly conscious into a marriage with a man she did not love—this is the substance of an amazing story told today to Magistrate Charles P. Smith by a comely girl of 23. She is Mrs. Arthur Schleininger, though she still insists upon calling herself by her maiden name, Miriam Breucher. A sensational feature of the case is her charge that an attempt was made Wednesday night to carry her away by force from the home of Mr. and Mrs. Franke, to whose protection she fled on September 9 after her unwilling marriage in Williamsbridge, New York. She had been engaged for years to Alfred Franke, the son of the house, and declares she wanted to marry him. Both the church and the courts have been appealed to, she says, to annul the ceremony, and yet the remarkable story did not become public until the husband, Schleininger, and the girl's father, John Breucher, came to Burlington Wednesday night, for the purpose, it is said, of taking the young woman away.

It purposes that Woodruff Chase shall inherit her interest in the Phillip's estate on the ground that by adoption he is her heir-at-law. It specifically states that Woodruff Chase was adopted in order that he might legally receive her entire estate and that her husband Dr. Chase might benefit directly. It declares that her previous heirs are abundantly provided for by the estate of their late father. The will directs that all her animals, such as horses, dogs, cats, and birds, be painlessly put to death. It is understood that the brothers of Mrs. Chase will contest the will.

Bribetakers' Strike.

Warsaw, Poland, Sept. 29.—A novel strike on the part of the bribetakers has been inaugurated here. Officials from the highest to the lowest, all of whom have been accustomed to demand bribes for doing everything from signing certificates to arresting a man and untruthfully charging him with political activity, have increased their demands 100 per cent. Petty clerks in police stations, who formerly were satisfied with a twenty-five cent bribe, for filling a passport receipt, now insist on having fifty cents, The high official, who once was accustomed to receiving a $500 bribe for securing the conviction of an innocent prisoner now demands $1,000. The officials base their increased demands upon the fact that owing to the state of siege existing their responsibility is greater while the opportunities for receiving bribes have decreased.

Woman Dying of Wart Disease.

Cincinnati, Sept. 29.—Dying by inches from one of the rarest diseases known, Mrs. Ida Bloom lies at the City Hospital while her husband and sisters surround her, awaiting the end.

Several weeks ago the woman, shortly after being married, contracted the strange ailment. Physicians and nurses alike were puzzled, but it was finally diagnosed as "pemphigus vegetans." Her body was covered with hundreds of wart-like excrescences. As they grew in size she wasted away until she was a living skeleton. Physicians state that the warts produce some subtle poison, which, entering the blood, causes the waste. The end is expected at any moment.

Mystery Unsolved.

Boston, Sept. 29.—Baffled at every turn, and all clues failing to bring anything but negative results, the police authorities admit that with the exception of knowing where the dress suit case in which the body of the murdered woman was found, off Withrop, a week ago yesterday, was purchased, they are no nearer a solution of the so called dress suit case mystery than when they began working on the matter eight days ago.

Mrs. Cornelius Vanderbilt.

New York, Sept. 29.—Word received here from Mrs. Cornelius Vanderbilt causes the popular young young society leader's friends the gravest alarm over the state of her health. Mr. and Mrs. Vanderbilt have been abroad, with their yacht, the North Star, since early in the spring. They have been the recipients of many social favors in Germany, where they have been spending their time, and where they are favorites of the Emperor. It develops that most of their time has been spent at Bad Nauheim, where Mrs. Vanderbilt has been under medical treatment. Mrs. Vanderbilt's friends have understood that she would return early in the fall, and take a leading part in the social affairs of the season. Word has been received, however, that, under the advice of her physicians, she will travel in the North Star to the Maderia Islands, where she will pass the winter. This news has greatly alarmed social circles, as it had not previously been known that Mrs. Vanderbilt was suffering from any malady.

Shot by Burglars.

Hartford, Conn., Sept. 29.—In an attempt to capture two burglars on the East Hartford bridge about 5 o'clock this morning, policeman Edward Hayes, of the Hartford police department was shot through the breast and hand and officer Frank Crowley was also grazed by a bullet fired by one of them, who put up a stiff fight. About an hour before the fight with the policemen the burglars dynamited the safe in the store of Howe & Son, at Glastonburg, near Hartford. It is not known whether any of the shots fired by the officers took effect. A posse is now hunting the men along the river. The burglars' team was driven to the police station, where it was found to contain a complete set of burglars' tools, as well as a quantity of dynamite.

The Cotton Market.

New York, Sept. 29.—Notices have been given that on October 2nd 130,000 bales of cotton will be delivered on October cotton exchange contracts, This is almost a record breaking amount of tenders at any one time in the local cotton market. At the current prices of cotton, $55 a bale, the transaction will involve $7,150,000. The stock of cotton in New York now is larger than at any time in the last ten years. It amounts to 185,000 bales, of which 160,000 bales are contract stock, and it is from this latter stock that the tenders will be made of 130,000 bales. At this time last year the total stock of cotton at this port was 40,000 bales, of which only 17,000 bales were contract stock.

New York Stock Market.

New York, Sept. 29.—The stock market was influenced, shortly after the opening by the sending out of notices calling in many loans of call money, but although money was in demand from the start at 6 per cent. there was no urgent liquidation. Prices declined all around the room on selling mostly by room traders. It was generally assumed that with the completion of carrying over of stocks today there will be no further disturbance in Wall street accommodations for some time to come. By Tuesday or so all the amounts accumulated for tax payments will go through the ordinary bank channels and easier conditions will prevail.

No Money to Entertain.

Plans for the entertainment of President Roosevelt when he comes to Montgomery, Ala., on October 23, on his southern tour, had a setback yesterday when at a special meeting of the City Council acting Mayor McIntyre, who is a member of the Council, walked out of the meeting, breaking a quorum, thereby delaying the passage of a resolution appropriating money to entertain the President while in Montgomery. Not only this, but Alderman James J. Sullivan spoke earnestly in opposition to the passage of the resolution, and declared Montgomery would not be benefited by the President's visit. The reason of this opposition is that the President has put Montgomery down for only two hours, while he will be at Booker T. Washington's school at Tuskegee a much longer time.

A dispatch from Wooster, O., says that Judge Eason announces that he will render his decision in the Taggart divorce case next week.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:54 a. m. and sets at 5:46 p. m. High water at 8:19 a. m. and 8:39 p. m.

Weather Probabilities.

For this section fair and warmer tonight. Saturday increasing cloudiness, probably rain late in the afternoon or night; light variable winds.

The Pool Room Cases.

As stated in the Gazette of that date, John Nelson, James La Fontaine, H. C Kanoze, C. W. Smith, John Shipley, John Tighe and J. A. Ryan, who were arrested at the alleged poolroom in Jackson City, Wednesday afternoon, on charges of vagrancy and violating the gaming laws of the State, were admitted to bail yesterday evening, an appeal having been taken.

James Bennett, of Washington, but who is said to own considerable property in Alexandria county, became their surety.

It is said that the contention will probably be made that Jackson City is located on territory that really belongs to the District of Columbia. A prominent attorney of Washington says:

"The question as to who has jurisdiction over Holmes' or Alexander Island has been practically settled in the case of Robert A. Phillips vs. Charles W. Payne, reported in 92 U. S., page 130. In that case R. A. Phillips was a resident and taxpayer of Alexandria county, and was a property owner, and as such was assessed with taxes by the State of Virginia. Phillips paid the taxes, amounting to $165.18, under protest, and afterward instituted suit to recover payment, claiming that the same had been made under compulsion. The Supreme Court held that as the State of Virginia had exercised jurisdiction and authority over the territory known as Alexandria county since 1846, the time when it was retroceded to Virginia by the Congress of the United States, it was certainly a government defacto, in firm possession of the territory, clothed, while it existed, with the same rights, powers, and duties as a government de jure. During all this time, that is, since 1846, Virginia had exercised jurisdiction over the territory in all respects as before it was ceded to the United States. The State of Virginia does not complain of the retrocession. The political departments of her government, by their conduct, have uniformly asserted her title, and the head of her judicial department has expressly affirmed it. The United States has not objected. And no murmur of dissent has been heard from either of them, but, on the contrary, the possession of Virginia has been acquiesced in by the United States and both parties to the transaction have been, and still are, entirely satisfied. No person, under the circumstances, can vicariously raise the question nor force upon the parties to the compact an issue which neither of them desires to make. That is, as long as the State of Virginia and the United States are satisfied with the present condition of affairs and government of Alexandria county, no person can be heard to dispute the right of Virginia to govern this territory."

Opera House.

The inimitable pantomine "Humpty Dumpty," with George H. Adams in the title role, who will be assisted by a cohort of pretty and shapely show girls and beautiful scenic and electric effects, will be at the Opera House Monday, October 2. This gorgeous production combines vaudeville, comic opera, comedy and pantomine, cleverly welded, making an entertainment of most varied and kaliedoscopic grandure. Among the vaudevillans who will appear are Vallie Egar, in illustrated songs; Frank Sommers, refined ministrel entertainer; the Elmos, in Dutch songs and dances and crayon sketches, Saville sisters, America's favorite soubrettes; Berry and Martesk, musical artists, and many others. Among the features will be the wonderful mystery, "Eve," the creation of woman out of nothing; the grand march of the Amazons, the beautiful "dance of the butterflies," and the latest films in moving pictures. The whole is under the management of Ernest Cooke, and is one grand aggregation, extravagant, fantastic and beautiful, and has been pronounced by the critics of the Metropolitan press to be the very acme of refinement and novelty.

G. F. & O. D. R. R.

At a called meeting of the Board of Supervisors (all the members being present) held on Thursday, the 21st inst., the following resolution was adopted:

"Resolved, That the right of the Great Falls and Old Dominion Railroad Company to use that part of the Georgetown and Leesburg turnpike shown on the plat this day presented to this board be and the same is hereby ratified and approved; providing that the grading and construction of said railroad on the turnpike shall be done in such manner and under such terms and conditions as may be prescribed by the road board, and that this resolution and the plat be and they are hereby referred to the road board for further action in accordance with this resolution."—[Fairfax Herald.

Fell Into the Ditch.

An elderly lady who had left an electric train at Spring Park last night became confused, for the reason that the station proper has been moved farther north, and instead of following the path running south to King street, or taking the board walk which leads to the street, she wandered about in the darkness to the west of the electric railway track until she fell into the quagmire and pool of water at that point. Her condition was discovered by passerby, among them Captain R. H. Atkinson, who is the train announcer at the union depot, and he went to the assistance of the lady, and found her stuck in the mud and entangled in barb wire. He extricated her and led her to the street, after which she wended her way to West End, where she lives. There should be lights at that point at night.

Jewish New Year.

Rosh Hashonah, the Jewish New Year, will begin this evening, and appropriate services will be held in the Synagogue on north Washington street at 7:30 o'clock tonight. Services will also be held at 10 o'clock tomorrow morning, Rabbi Gross, of Cincinnati, will conduct the services.

More Improvements.

The Washington-Southern Railway Company began today the construction of granolithic walks from the southern end of their new depot to West End, or Duke street extended. The walk will be 132 feet long and will be placed on the east and west sides of the depot. When the new walk shall have been completed there will be 650 feet of granoloibic pavement at the depot, extending from the eastern end of the viaduct over King street to West End. As was stated yesterday, a roadway sixty feet wide is also to be constructed west of the depot leading from King to Duke street. The company is making preparations for lighting the new depot building and placing water therein, and in a short time it will be thrown open to the traveling public.

The Collector's Office.

The office of the collector of U. S. internal revenue in this city is being dismantled and tomorrow bag and baggage will be removed to Abingdon, the home of Collector Summers. When the Alexandria delegation appeared before Commissioner Yerkes some time ago to protest against the removal of the office from this city, he stated that in the event of the removal a stamp deputy would be left in Alexandria, but so far as known Collector Summers has made no such provison. Most of the clerks will leave for Abingdon tomorrow though it is rumored that one or two of them may resign.

It was reported this evening that there would be no stamp deputy in Alexandria and that hereafter stamps must be purchased at Abingdon.

Birthday Party.

Mr. Sidney Burnham gave a delightful party at the home of Mr. and Mrs. George G. Brown, on Braddock Heights, last night, the occasion being the eighteenth anniversary of his birth. A large number of friends from this city, Washington and Lynchburg were in attendance. The guests were entertained during the evening by Mr. Brown with a number of beautiful graphophone selections. Several of those present engaged in some very hotly contested games of euchre. The refreshment tables were beautifully trimmed with cut flowers and loaded with every delicacy, to which all did sufficient justice. Mr. Burnham's many friends wish him many more years of good health and prosperity.

Illness of Mr. Summers.

The many friends and acquaintances of Mr. Wm. J. Summers, who has been confined to his home by indisposition for a long time, will regret to learn that his condition has become more serious. Mr. Summers is the eldest son of the late John W. Summers. During the civil war he was a sergeant in Kemper's battery which left Alexandria in 1861, and he remained in the Confederate army during the four years' conflict. For a long time after the close of hostilities he was engaged in the manufacture of carriages in this city.

They are Gus Robertson, Eddie Drowns, alias "Cabbage;" H. L. Marshall, alias "St. Louis Slim;" Jas Hart, alias "St. Louis Red;" Lee Drowns, alias "Cockey," and Michael Ryan.

Demonstration Against Foreigners

Official confirmation has been received from Parral, Mexico, of a demonstration there Sunday against all foreigners, and against Americans in particular. Houses were stoned, flags pulled down, and women grossly insulted in the streets. The entire foreign colony was compelled to take refuge indoors, while the crowds cursed and abused them from the streets. The police said they were unable to quell the disturbance. American Consul James A. Long has taken up the matter officially, being the only foreign consul in Parral. At a mass meeting of all foreigners in his residence he was empowered to act for them. Parral is an old mining town of 15,000 inhabitants, fifty miles from Jiminez, on the Mexican Central main line, and to it there runs a branch of that road. The proportion of foreign population there is not so great as in many other Mexican cities, but nevertheless a large percentage of the business enterprises is controlled by foreigners, chiefly Americans and Germans.

No. 124, leaving Bluemont 5:25 p. m, daily to leave Bluemont 4:50 p. m. daily; arrive at Washington 7:20 p. m., instead of 7:50 p. m. as at present.

It is hoped by the management of the Southern Railway that these changes will meet with the approval of its Bluemont branch patrons. L. S. BROWN, General Agent, Southern Railway Co.

THOS. LANNON.

Giant Begs to be Deported.

Penniless and friendless in a strange land, Kraus Seeman, a giant German youth standing 6 feet 3 inches in height and weighing 250 pounds, yesterday pleaded successfully with immigrant officials of New York to deport him that he might join his mother in the little German town which he left two weeks ago. He was robbed of nearly all his scanty savings during the journey to America. Landing in New York, the endless expanse of city, with its towering buildings, awed him and the constant roar and rush of the streets so unnerved him that he was powerless to help himself. His one desire, he told the commissioners, as the tears rolled down his cheeks, was to get back to his home and his mother. He would not be comforted, and when the Friederich der Grosse sailed down the bay yesterday afternoon she took the young giant with her.

Legless Man's Crime.

Jacob Hart, who is without legs, dragged himself into the court of Judge Barnes in Chicago yesterday and whispered to Assistant State's Attorney Barbour that he was anxious to enter a plea of guilty to a charge of murder. Mr. Barbour explained to Hart the seriousness of such a plea, and that the court had the power to inflict severe punishment on it. The crippled defendant, however, said he understood his position and the plea was allowed to be entered. Sentence will be imposed in his case Friday. Hart has confessed that he shot and killed his wife, Marie, June 15, 1905. He accused her of being too friendly with other men, and when she refused to explain where she had been the night previous he drew a revolver and shot her. He also shot himself in an attempt to commit suicide, but he recovered.

Married on Death Bed.

Believing that his last expressed wish had been gratified and that his sweetheart, Miss Edith Bruszer, had become his wife through repeating the words of the marriage ceremony by a south Chicago physician, Edward L. Bordman, a switchman, who had been crushed between two cars, died Wednesday in the hospital of the Illinois Steel Company. The mother of the young woman, Mrs. Mathilda Bruszer, had hurriedly left for Chicago to secure a marriage license, but had not returned in time so that a minister could be summoned. After the young man was injured he expressed the wish that he and his fiancee could be married before he died. Mrs. Bruszer had not returned, and the young man realizing that he had but a few moments to live, requested Dr. Hannah S. Starrow, who had attended him, to pronounce Miss Bruszer his wife. Hardly had Dr. Starrow finished the words of a marriage ceremony, when Bordman fell to one side of the hospital bed. "My wife at last," he said in low tones. He tried to repeat the words, but expired.

Murder of a Tourist.

A dispatch from Asheville, N. C., says that the murder of a tourist in the Balsam Mountains by an old mountain trapper is reported there by W. B. Nelson, a lumberman, to whom a death-bed confession of the crime was made by the trapper's son. The dying mountain lad stated that the mountain climber was found one morning by his father and himself caught in a bear trap on Balsam mountain. He was mangled and in agony. The mountaineers were afraid that should he survive he would make trouble for them. "We uns didn't want him to law us," the dying boy declared, "and so dad raised his rifle and fired." The body was hidden in a cave, and since the confession the skeleton has been unearthed. The old mountain trapper and his son left the State, but the son returned a few days ago, in a dying condition, to tell the story of his crime. Mr. Nelson says that he will give the names at the right time, but refused to divulge them now.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. PROPOSALS.

AN ORDINANCE to provide for the granting by the City Council of Alexandria, to the person or corporation hereafter to be ascertained in the manner prescribed by law, of the exclusive right to furnish electricity for light, heat, power and any other general purpose to the City of Alexandria and inhabitants thereof, and to erect, construct and maintain the necessary poles and fixtures and to run wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That there shall be granted in the manner prescribed in an act of the General Assembly of Virginia, approved May 20, 1903 the rights and privileges on, over, under and along the streets, public alleys, bridges, parks, and other public ways and places in the City of Alexandria, which are embodied in the following draft of an ordinance:

An Ordinance to grant exclusive right to ——, its successors and assigns, to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria and inhabitants thereof, and to erect, construct, and maintain the necessary poles and fixtures, and to run wires on, over, under and along the streets, public alleys, bridges, parks, and other public ways and places in the City of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

1. That ——, its successors and assigns, be and they are hereby granted the exclusive right to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria, and the inhabitants thereof, for a period of thirty years, and for the purpose of furnishing and supplying electricity for light, heat, power, and other general purposes they are hereby granted the ure of the streets, highways and other public ways and places of said City, and are authorized to erect, construct, and maintain the necessary poles, fixtures, and other essential apparatus, to construct and maintain conduits, and to run and maintain wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, in order to furnish and supply electricity for light, heat, power and other general purposes to the City or to the inhabitants thereof, upon the conditions, provisions and limitations hereinafter set forth, as well as under these set forth in such ordinances of the City of Alexandria, as may be applicable thereto, and as are not in conflict with this ordinance and the amendments heretofore made or which may be hereafter made to such ordinances.

2. Each route shall be first determined upon by the City Engineer before any poles are erected, and the Committee on Streets may require the said ——, its successors or assigns, to use and occupy the poles already erected by any person or corporation before the running of wires along such route, provided that the City Engineer first deliver to the said ——, its successors or assigns, permission in writing from the owners of such poles already erected, to run and maintain other wires thereon, at reasonable rates to be fixed by agreement or arbitration. All wires run and all work done in pursuance of this ordinance shall be done in a good workman like manner and of material suitable for the purpose, at the time the work is executed, and shall be approved as such by the City Engineer.

3. The rights and privileges hereby granted shall continue for thirty years unless sooner forfeited as herein provided for, and upon the termination or forfeiture of this grant the entire plant, as well as the property of said ——, its successors or assigns, located in the streets, public alleys, or other public places in the city, shall become the property of the City Council of Alexandria, upon the payment to the said ——, its successors or assigns, by the City Council of Alexandria, of a fair cash valuation of said entire plant and property, but the said —— shall be entitled to no compensation by reason of the value of the franchise hereby granted. In the event of the City Council of Alexandria and the said —— its successor or assigns, being unable at least six months prior to the termination of this grant, or within thirty days after the forfeiture thereof, to agree upon a fair and just cash valuation of said plant and property then and in that event, such valuation shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said ——, its successors or assigns, and the third (in case of disagreement by such arbitrators) by these two arbitrators, or, in the event of the the two so chosen being unable, within twenty days after the date of the appointment of whichever of the two was last appointed, to agree upon a valuation, or failing that to agree upon a third arbitrator, the third arbitrator shall be appointed, by the then Judge of the Sixteenth Judicial Circuit of the State of Virginia, and the three arbitrators so appointed, shall proceed to establish a fair cash valuation of said plant and properties excluding the value of or any compensation for the franchise hereby granted, and upon the payment of the amount so established and fixed to the said ——, its successors or assigns, by City Council of Alexandria, the said plant and property shall thereupon vest absolutely in the City Council of Alexandria, and any expense incurred for compensation for the three arbitrators so appointed, shall be borne by the said——, its successors or assigns, and the said City Council of Alexandria, equally.

4. The City Council of Alexandria expressly reserves the right to impose other reasonable regulations, conditions and requirements upon the said ——, its successors or assigns and to pass such other ordinances as may be necessary to secure efficiency of public service by said ——, its successors or assigns, at reasonable rates, and to compel the said ——, its successors or assigns, to maintain said plant and property of the said —— in good order throughout the term of this grant; and it is hereby expressly provided that for a failure to comply with any material provision of this ordinance or of any such regulation, condition, requirement or other ordinance, this ordinance may be declared forfeited by said City Council of Alexandria, and be repealed, and the franchise hereby granted be declared to be at an end, provided always that any such failure shall not have been made good by the said ——, its successors or assigns, within ninety days after written notification of such failure to said ——, its successors or assigns, provided always that any such failure resulting from the act of God, public enemy, strikes at home or abroad or from any other unavoidable accidents or events, shall not be deemed a ground for declaring the franchise, rights and privileges hereby granted repealed, forfeited or at an end.

And it is further provided that should the said ——, its successors or assigns, be compelled by virtue of any state or municipal law or ordinance to place its or their conductors or any portion or portions thereof under ground, that the City Council of Alexandria shall provide, at its own expense, the trench or trenches necessary for the burying of such conductors, said City Council bearing the entire expense and responsibility incident to the opening and closing of such trench or trenches and the proper relaying of the pavement thereby disturbed, and said ——, its successors or assigns, bearing the entire expense incident of the furnishing and placing within such trench or trenches or the underground conductors and conduits so required.

5. For failure to comply with any material requirement of this ordinance the said ——, its successors or assigns, shall be liable to a fine of not less than ten nor more than one hundred dollars for each offense, each day's failure to be a separate offense, said fine to be collected as other fines are collected and paid into the city treasury. The imposition of any fine under this section shall not prevent a forfeiture under the foregoing section.

6. That the said ——, its successors or assigns, in the equipment of the poles, wires, fixtures or other works will use such appliances as are best designed to prevent injury by electrolysis to the water and gas mains and pipes or other public improvements of the city, and will pay to the City Council all damages to gas mains and pipes occasioned by electrolysis caused by the failure to use such appliances and will also indemnify and save harmless the City Council from all claims of damages occasioned to person or property growing out of injury from the failure to use such appliances. The said ——, its successors or assigns, agree and bind themselves to hold the City Council free and harmless from liability from any and all damages, except as herein otherwise expressly agreed, that may accrue to any person or persons or corporation or corporations on account of injury or damage to person or property growing out of the construction, improvement, maintenance, repair or operation of the works and fixtures hereby authorized, and whenever the city is liable therefore and shall be sued for such damage either independently or jointly with the said ——, its successors or assigns, on account thereof, the said ——, its successors or assigns, upon notice to it or them by the City Council will, except in a case where it is herein agreed that the entire responsibility for any stated work shall lie on the City Council, defend the city in such suit, and in the event of a judgment being obtained against the City Council, either independently or jointly with the said ——, its successors or assigns, on account of acts or omissions of the said ——, its successors or assigns, then said ——, its successors or assigns, will pay such judgment with all costs, and hold the City Council harmless therefrom.

7. The said ——, its successor or assigns, shall have a telephone placed and kept in its or their central station and whenever it shall become necessary to have the current cut off the wires on any of its circuits during the progress of a fire, said ——, its successors or assigns, shall immediately, upon the receipt of a message from the Chief of the Fire Department, or his representative, have the current on such circuit cut off and allow it so to remain until notified by the said officer or his representative that the said current may be again turned on.

Should said ——, its successors or assigns, fail, at any time, to immediately obey any such message whenever given, it or they shall be liable to a fine of not less than ten dollars nor more than one hundred dollars for such failure.

8. The privileges hereby granted are given upon the following further conditions:

(a) That said ——, its successors or assigns, will, within six months from the date of approval by the Mayor of the city of Alexandria, the final ordinance granting the privileges herein contained, begin to construct the work hereby authorized, as herein agreed, and fully complete the same within twelve months after the approval of said ordinance.

(b) That said ——, its successors or assigns, will continue to push to completion such work as herein agreed, until said ——, its successors or assigns, shall be ready to furnish an adequate current for electric light, heat and power.

(c) That said ——, its successors or assigns, shall, before commencing work under the provisions of this ordinance, execute a bond with security to be approved by a majority of the Finance Committee of the City Council of Alexandria, in the penal sum of ten thousand dollars, conditioned upon the faithful construction and putting into operation, within the time prescribed, and for the proper maintenance of the plant and works necessary to secure efficiency of public service, and to protect the City Council from damages arising from suits or otherwise, for which said ——, its successors or assigns, are responsible.

Section 2. That upon the approval of this ordinance by the Mayor of the City of Alexandria, it shall be the duty of the Clerk of the City Council to cause to be advertised once a week for four successive weeks, in a newspaper published in the City of Alexandria, a draft of the ordinance contained in the foregoing section, and in addition, he shall, in such advertisement, invite bids for the franchise, privileges and rights proposed to be granted in the proposed ordinance, and also for the present electric plant of the city. The costs of this advertisement shall be reimbursed to the City Council of Alexandria by the person or corporation to whom the grant of this franchise is finally made.

The City Council will reserve the right to reject any and all bids. Every bidder will be required to file with his bid a certified check for five hundred dollars, payable to the order of the City Council of Alexandria, which certified check will be returned to said bidder on the rejection of his bid, or, if his bid be accepted and the above franchise awarded him; said certified check will be returned on the delivery to the City Council of the bond mentioned in sub-section of Section C of section 8, above.

The bids are to be delivered to the presiding officer of the Common Council of the City of Alexandria, at the day and hour of the next regular session of said body in open session to be held next after such advertisement shall be completed, which bids, by said presiding officer, shall be then and there presented to the City Council, to be dealt with and acted on in the mode prescribed by law.
